GARAGE DOOR OPENERS

Model 9020H

Model 9120H-B

Integrated with
OHDANYWHERE[®]

Quiet, powerful and compact wall mount opener

- Space saving design: New wall mount design clears up ceiling space in your garage
- Design flexibility: Choose to have your opener with or without integrated Wi-Fi or battery backup
- Durable performance: 24V DC motor operates most residential sectional doors up to 14 ft high and weighing up to 850 lbs.
- LED light fixture included
- New Wireless Wall Console comes standard

The Genuine. The Original.

Standard features and benefits

DC power

DC motor operates with variable speeds for soft start and stop; providing smooth, quiet operation and less wear and tear on your garage door.

Integrated cable tension monitoring

Provides monitored tension to aid in prevention of cables becoming unspooled.

CodeDodger® access security system

Selects a code from billions of combinations each time a remote or wireless keypad are used. Helps prevent piracy of the radio signal for the utmost in security.

Easy programming

Quick, simple limit setting for faster installation.

Auto seek dual frequency range

The opener listens for both the 315 or 390 MHz frequency emitted by the remote or wireless keypad, allowing reliable operation and reducing frequency interference.

Self-diagnostic Safe-T-Beam® System

When objects pass through the infrared beam, the door automatically stops closing and then reverses.

Wireless Wall Console

No wiring required for operation. Features a delay button for up to 30 seconds before door movement begins.

Lighting system

1800 lumens LED light fixture provides light with the flexibility to place fixture anywhere in the garage.

Door lock

Ensures door cannot be opened from the outside without first pulling release handle from inside.

6' power cord

Compatible with both HomeLink® and Car2U® systems

Works with current and all previous versions. No additional external repeater kit or compatibility bridge needed.

Model 9120H-B

Smart garage door opener integrated with OHD Anywhere®

Remotely monitor and control your sectional garage door from almost anywhere with your smart device.* Compatible with most iOS and Android mobile devices.

- Ability to monitor the door position (open or closed) and any change to the position
- Allows multiple user accounts to give others virtual access to your garage door
- Ability to know if an authorized user is operating the door with the OHD Anywhere® app
- Time-based features allow you to schedule door operation
- Maintains access history report for each opener
- The OHD Anywhere® app allows control of multiple OHD Anywhere® Wi-Fi integrated garage door openers

Battery Backup included

The Overhead Door® Battery Backup unit provides peace-of-mind, allowing opening and closing of door during a limited power outage.

* OHD Anywhere® is designed for sectional garage doors only and should not be used on one-piece garage doors.
